

Item # 20139585, INSTA-LOCK Fitting TYPE C Female Coupler x Hose Shank C150AL w/ BR HANDLE 1 1/2 in Aluminum

APPLICATION: Type C fitting can be attached to a rubber hose with the use of interlocking ferrules, crimp sleeves, or bands. Insta-Lock™ fittings are designed for liquids and dry bulk. Consult the chemical resistance guide for specific chemical recommendations.

BRANDING: Example: Continental Contitech C200SS

PRESSURE RATING: Sizes 1/2"– 2", 250 psi; sizes 2 1/2"– 4", 150 psi; sizes 5"– 6", 75 psi. Recommended working pressure ratings based on ambient temperature (70 °F) with Standard Nitrile gaskets.

Note: Continental Contitech Insta-Lock Fittings are never to be used in steam or compressed air service. Continental Contitech Insta-Lock Cam Arms are designed exclusively for Insta-Lock fittings.
