SPERIAN A700 SERIES

 **SPERIAN**
Protection you can trust

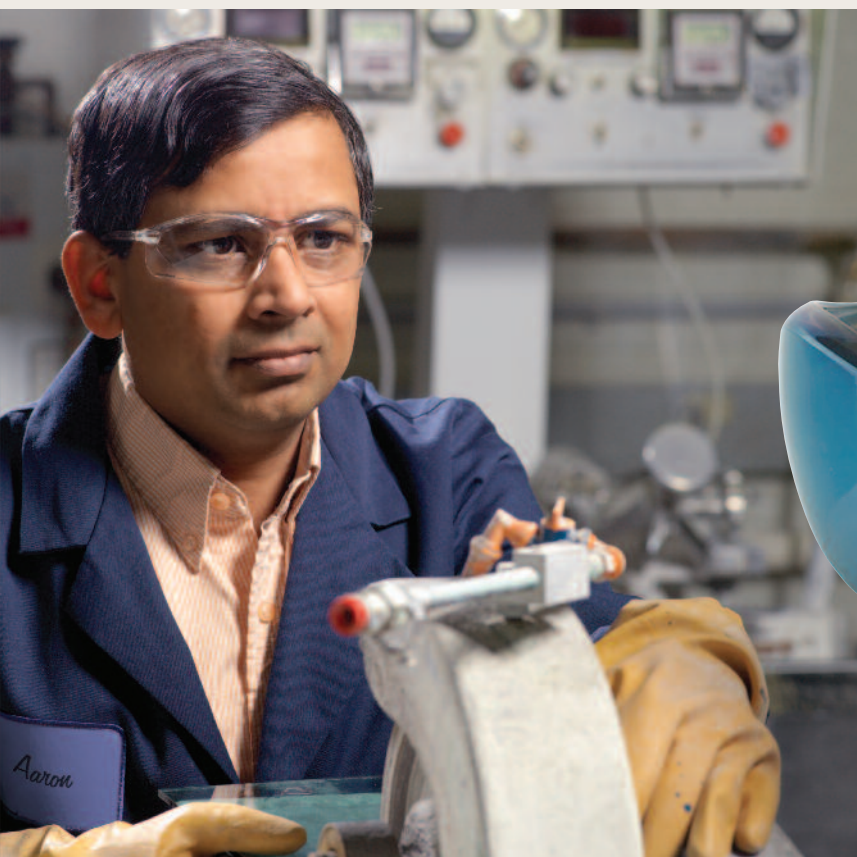

Rock Solid Protection. Extraordinary Value.

One of our most popular families, the Sperian A700 Series offers the perfect blend of comfort, coverage and protection combined with extraordinary value.

It's an excellent fit for almost any safety eyewear program.

The Sperian A700 Series is available in two sizes and offers a winning combination of sporty styling, quality design and an economical price point. It's an excellent fit for almost any safety eyewear program. The lightweight wrap-around 9-base lens provides substantial coverage and a distortion-free 180° field of vision. The universal nose bridge combined with soft temple tip pads ensures a comfortable fit. Offered in our most popular lens tints, the Sperian A700 Series meets a wide variety of indoor and outdoor work applications. A protective anti-scratch hardcoat maximizes the life of the eyewear and clear and TSR® Gray lens options are also available with Fog-Ban® to minimize lens fogging in humid or extreme conditions.

The Sperian A700 Series is available in two sizes and offers a winning combination of sporty styling, quality design and an economical

PRODUCT FEATURES

- Affordably priced for all of your work environments
- Aggressive styling provides a stylish fit for your everyday wearer
- Slim sizing fits small or narrow facial profiles
- Lightweight design, flexible temples and soft temple tip pads provide a secure, wrap-around fit and all-day comfort
- Molded universal nose bridge provides a comfortable fit
- 9-base polycarbonate lenses provide a 180° field of distortion-free vision
- Available in a variety of lens tints suitable for most indoor and outdoor work applications
- Optional Fog-Ban® anti-fog coating minimizes lens fogging in extreme and humid conditions
- All lenses provide 99.9% UV protection
- Complies with ANSI Z87.1-2010 (High impact) and CSA Z94.3 safety standards*

*A700 Slim is tested on the small headform and is intended for small fitting requirements. (A700 Slim lens marked "H".)

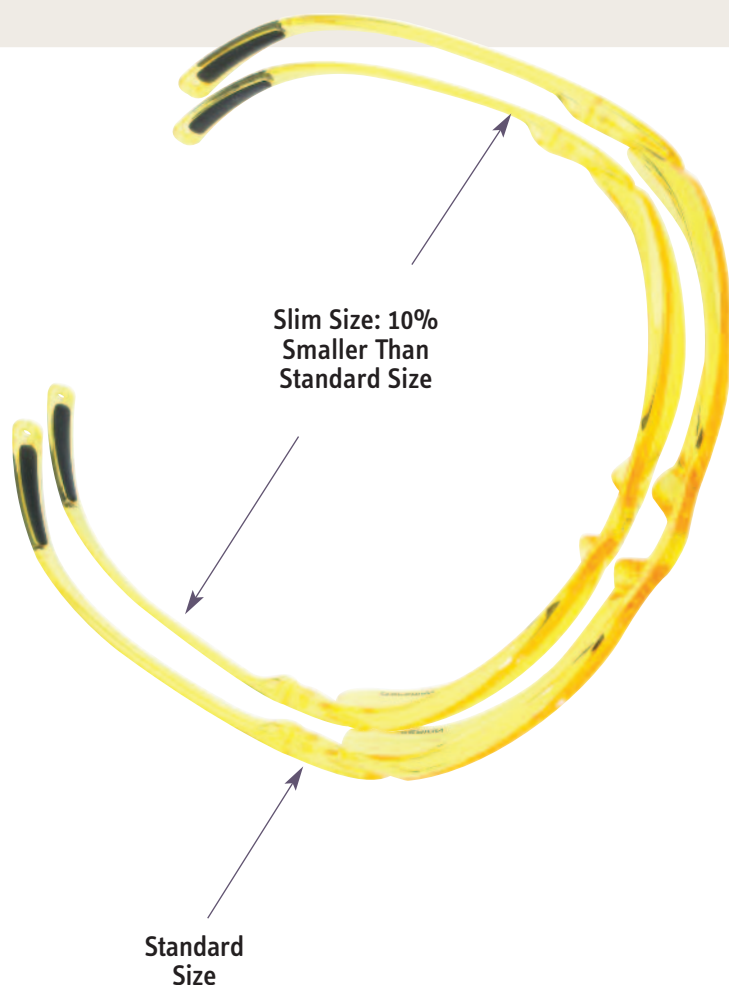

Two Sizes. More Options. Extra Value.

Available in two sizes – standard and slim – the Sperian A700 Series fits more workers, making it easier to standardize on fewer styles of eyewear. Better fitting eyewear also means workers are more comfortable, which can also lead to better compliance.

The Sperian A700 Slim offers an expanded fitting option. A full 10% smaller than the standard sized version, the Sperian A700 Slim offers the same features and benefits while providing a close, comfortable fit for workers with smaller or narrow facial profiles.

When price, performance, style and flexibility matter, the Sperian A700 Series is a “must have” in your safety eyewear lineup.
