

12' Chrome Auto Lock Tape Measure

Empire Level is committed to developing layout and measurement solutions that provide trusted accuracy from project planning through project finish. Empire Level's new Auto Lock Tape Measures are designed to provide the very best durability, delivering abrasion resistance through a nylon-coated blade and 5-screw housing for drop protection. Each includes an Auto locking Brake to hold the blade in place and provide better retraction for improved life. For added utility, a marking surface is included to assist when laying down a mark, scribing notes and taking measurements.
