

#505ALB

Endura®

Aluminized Back Welding Glove

#505ALB

The Endura® 505ALB has a unique sidewall pattern, which makes them extra roomy. For maximum protection in high radiant-heat applications like MIG Flux Core, Arc Air or Submerged Air. The aluminized back reflects up to 95% of radiant heat. Black tri-tan leather is resistant to ultraviolet radiation. Cotton palm lined, wool lined back. Kevlar® sewn throughout.
