SnowForce™

Brown Split-Leather Freezer Gloves

#678AFTLK

3M
Thinsulate™
INSULATION

Superior's SnowForce™ grain cowhide gloves provide comfortable, dependable hand protection. Constructed of durable split-leather with double leather palm and thumb patch for increased wear and protection.

Extra-long orange knitwrist cuffs seal in warmth and keep the cold out. Full Thinsulate™ lining adds almost twice the insulation value of down, without being water-absorbent; gloves retain their insulating ability even in damp conditions. SnowForce™ gloves are a real asset to the worker exposed to winter elements, or any type of cold conditions.

Thinsulate™ is a registered trademark of 3M.

Marco G.

TESTIMONIAL

Distribution Centre Manager,
Golub Corporation (Price Chopper)

"We received samples of a few of Superior's gloves to evaluate for use in our freezer warehouse. The team really liked the 678AFTLK – SnowForce Split Leather Thinsulate Lined Freezer Glove. It was very comfortable, easy to break in for use and kept our hands warm in the 0 degree Freezer environment.

Thank you Superior for supplying a glove that addresses the comfort and hand protection for our Freezer warehouse."
