

WELDING BLANKET - 16 OZ CARBON FELT - 6'X6'

Product # **S97624** | Model #

sellstrom.

- Scratch-free with minimal heat transfer, making it an invaluable tool for high-temperature thermal insulation applications
- Designed to handle those tough situations in which both high heat resistance and flexibility are required, and available with or without fibreglass reinforcement
- High-quality fabric is also incombustible
- The ideal choice for applications as wide-ranging as welding applications and gasket material in package boilers and industrial ovens and furnaces, and as a thinner insulation alternative in removable insulation covers
- Brass grommets at 18" centres
- Certified to meet ANSI/FM 4950
